Unlike these other Tequilas, Agavales is 100% agave not mixto. Used by most Mexican Restaurants, it has become the #2 selling tequila in Texas. Available in 50ml, 375ml, 750ml, Liter and 1.75L

AGAVALES PREMIUM

TEQUILA

Agavales has become one of the top national brands in America and overseas. It has always been known for over-delivering with an exceptional price-to-value ratio. We have now brought that same commitment to one of our finest tequilas, Agavales Premium.

Made from carefully selected agaves sourced equally from the Highlands and Lowlands of Jalisco, Agavales Premium showcases the full character of the region. Each agave is hand-picked and traditionally fire-roasted, a more costly and time-consuming process that produces exceptional depth of flavor. The tequila is then fermented and distilled without the use of diffusers, preserving the rich character and complexity of the agave.

The result is a premium tequila that delivers craftsmanship, character, and quality that rivals bottles priced far higher. We take pride in every bottle and, true to the Agavales name, continue to over-deliver in a big way.

MUNDO DE ORO

TEQUILA

From the mystical earth and soils of Mexico comes our country's richest treasure: a beautiful 100% agave tequila that has been cultivated from years of tireless labor and tradition. Experience the magic that emanates from the earth and soaks up the culture, flavors, and passions of Mexico's heritage.

We believe tequila is the most valuable and artistic commodity, which is why we crafted Mundo de Oro, translated as "World of Gold," with exquisite detail in every profile. We distinctly age our tequila in barrels previously used for red and white wine to complement the sweeter notes of agave and create truly unique flavor profiles. The tequila is then carbon filtered and oxygenated to enhance its characteristics, flavor, and notes, and to soften the harshness found in many tequilas, resulting in an easy-to-sip, delicate spirit.

DOÑA CELIA

It became very popular and evolved into a historic national symbol.

Today, La Catrina is a symbol of the famous Día de los Muertos, a celebration honoring the lives and deaths of those who have passed.
